

**PARTICIPANTS
INVITED**

Dynamic Investment Grade Calculation for Energy Projects WORKSHOP

Hands-on training for financiers and developers in the business of renewable energy, energy contracting and efficiency. At the end of the workshop, participants will be able to perform detailed investment grade calculation and financial modelling of EE and RE projects.

May 14 – 16, 2018
Jamaica Pegasus Hotel, Kingston

REGISTRATION:

Interested persons must apply by April 23, 2018, via e-mail to buildbetterja@gmail.com and copy nichelle.foo@caricom.org

Participants will be selected on the basis of their involvement in the planning or implementation of active energy projects. In addition to the applicant's contact data, letters of application should include a summary of the applicant's energy project and an expression of willingness to share the project at the workshop, for analysis and feedback.
